

Top Executives Coming to you in June 2015

JONATHAN LESTER

Senior Vice President – Global Markets

Jonathan brings more than 15 years of multinational business leadership experience to the Stemtech team. Jonathan's experience includes running a division of a Fortune 500 company, a start up, and several years at a nutritional supplements MLM company.

He has worked in a diverse range of industries from private equity, to the automobile and global forest products sectors. Originally a native of Johannesburg, South Africa, Jonathan now lives with his family in Vancouver, British Columbia. Jonathan holds a law degree from University of Johannesburg and an MBA from Bond University (Australia).

HEATHER LIVINGSTON

V.P. - Global Product Training & Sports Marketing

Heather has more than 20 years of experience in the health, nutritional education and training industries. She is recognized as an international expert in the fields of nutrition, sports nutrition and wellness. She is a sought-after speaker and a published author of magazines, books and training manuals. Heather has advised elite athletes around the world, including athletes with the Olympics, NBA, FIBA, IHL, PGA, and numerous additional elite professional athletes.

Heather holds a Bachelor's degree from the University of California with an emphasis in sports nutrition, physiology and rehabilitation and a Master's of Science degree with an emphasis on human nutrition, public health and exercise physiology from the University of Michigan

It's time to give your business a boost. Attend a presentation near you and find out the latest in the Stemtech Opportunity. Bring along your team, new people, customers, potential IBPs and more. Let Jono, Heather, Successful IBP's, the Business and Product testimonies, Lucky Draws, and Recognition inspire them, and watch your business grow. We will have sign-up Specials for all new people who register at the event, as well the Stemtech Products available to be purchased. Special Draw also for all IBPs who bring a guest to the event
