

Xtra Smooth ST5

With MigraStem 15 Servings Per Canister

Infuse your Tissues and Organs with Stem Cell Nutrition

Maintain your body's natural renewal process for optimal health and wellbeing

Adult stem cells are widely known for their ability to repair and renew tissues and organs within the body. But as we age, our natural ability to repair decreases, often making it more difficult to recover from injury and increasing exposure to the possibility of health-related issues. Because of this, stem cell nutrition is imperative for overall health and wellbeing, as it helps to maximise the use of your stem cells.*

A multi-faceted dietary supplement that does what other supplements cannot

Patent-pending ST-5 with MigraStem quickly and conveniently provides the daily balanced nutrition you need to maximise the use of your own stem cells and create a "feel good" sense of vitality and stamina. Gently flavoured with vanilla, ST-5 with MigraStem contains more than 30 nutrients and antioxidants; boasting a non-soy, all vegetable protein with sesame extract in a new smoother formula. The supplement is also considered an excellent source of fiber, and may act as a pre-biotic supporting intestinal health.*

patent pending

The power of MigraStem

The difference with ST-5 with MigraStem is, in fact, the MigraStem; a powerful proprietary blend of natural ingredients that has been documented to assist the body's natural renewal process by encouraging adult stem cells to migrate into tissues. Our formula also serves a full line of Vitamins A, B, C, D and E, along with calcium, magnesium and zinc.*

The Synergy of Stemtech's Stem Cell Physiology

Working in-tandem with SE2® and StemFlo®, ST-5 with MigraStem further supports the migration of adult stem cells to tissues and organs in need – helping to maintain maximum renewal efficiency; this trio of products orchestrates a greater level of stem cell nutrition and preventative care. To learn more about SE2 and StemFlo, visit our Product page at www.stemtechbiz.co.nz for NZ or stemtechbiz.com.au for AU.

FEATURES	BENEFITS
14 grams protein per serving	Research has shown that protein increases satiation (feelings of satisfaction and fullness) which helps you stick to a healthy diet and caloric intake.
Contains protein from brown rice, pea	Provides high quality protein, no cholesterol, and no saturated fat.
Contains MigraStem, a proprietary patent pending blend of unique nutrients.	Assists your body in optimising its natural ability to renew, refresh and rejuvenate!
Maca	Supports a balanced sustained energy that will work WITH the body to create a feel good vitality and stamina, plus it has been shown to support a healthy libido for men and women.
6 grams of soluble fiber	6 grams of fiber with 5 grams coming from soluble fiber, both supporting intestinal health.
All-natural Multi-Vitamins and Minerals	Due to the declining nutrient content of our foods, it is vitally important to supplement. We know that nature knows best and recent research suggests that some synthetic forms of certain vitamins may be harmful to your health.
Enzyme Blend	Assists in the digestion of proteins and carbohydrates therefore aiding in bioavailability.
Natural vanilla flavour, sweetened with pure evaporated cane juice	No artificial flavours or sweeteners. Naturally and gently flavoured and sweetened (each serving has about the same amount of natural sugar found in a small apple).

INGREDIENTS / LABEL

ST-5 with MigraStem provides the balanced, daily nutrition you need for optimal health -- an exceptional source of gluten-free protein, vitamins, minerals and fiber ... plus Mace for added energy.

ST-5 contains **MigraStem**, a proprietary blend of select plant ingredients which assists the body in its natural renewal process by supporting the ability of adult stem cells to migrate into tissues.*

Xtra Smooth ST-5 With MigraStem
