

stemequine®

Invite Nature to be a part of your horses daily lifestyle.

StemEquine® Formula is a supplement made from natural ingredients and is a specially formulated equine equivalent of AFA Concentrate for humans.

StemEquine® stands out in the animals' supplement world! Stemtech was first to discover a revolutionary way to support horses. Stemtech's Equine Formula® is the world's first food supplement of its kind made from natural ingredients that helps horses and other animals maintain well-being naturally.

Extraordinary, proprietary and unique formula

Our StemEquine® Formula contains a natural concentrate of Aphanizomenon flos-aquae (AFA Concentrate).

Horses love this product boasting proprietary formula made of patented AFA Concentrate from Klamath lake in the USA! Simply add StemEquine® granules to your horses feed.

FAQ'S

What does StemEquine® do?

Stemtech's Equine Formula® is the world's first food supplement of its kind made from natural ingredients that helps horses and other animals maintain well-being naturally.

Why do horses need StemEquine®?

StemEquine® Formula is a supplement made from natural ingredients and is a specially formulated equine equivalent of AFA Concentrate for humans.

Does StemEquine® Comply with Anti-Doping Regulations?

After review of the United States Equine Federation banned substance list, we can state that StemEquine®'s ingredients are not on the list of banned substances. According to the United States Equestrian Federation, blackstrap molasses, apple and blue-green algae are permitted under the Therapeutic Substance Provision of the USEF Drugs and Medications Rule. We encourage all subject to drug testing to become fully informed of all products that are consumed by their animals and to know and understand their organization's banned substance regulations.

FOR YOUR INFORMATION

Consult your veterinarian before giving your horse StemEquine® if you have any concerns.

In addition to StemEquine® Formula, Stemtech's animal product line includes StemPets® Advanced Formula for dogs and house pets.

This product is not intended to diagnose, treat, cure, or prevent any disease.
