

stemflo®

Invite Nature to be a part of your daily lifestyle

Stemtech has discovered a ground-breaking way to support your well-being. Our unique formula, inspired by the latest innovation in science, is a beneficial part of your nutrition, important for a healthy lifestyle.

StemFlo® differs from traditional supplements! StemFlo® is a cutting-edge combination of a unique blend of enzymes and plants considered as antioxidants, designed to help your inner power to circulate within.

Effective, patent-pending and proprietary formula made of natural ingredients

The power of Stemflo® is experienced and expressed by our customers! Stemflo® is a beneficial addition to a varied and balanced diet, which is an important part of a healthy lifestyle.

FEATURES	BENEFITS
Gotu Kola Extract from India	Used as a beneficial herb in Ayurvedic, traditional African and Chinese medicines for its broad properties for over 2000 years, Gotu Kola used in StemFlo®, together with other ingredients, presents a unique value.
Indian Gooseberry Extract (Amla) from India	It is considered one of the fruits with the highest concentration in vitamin C. In India, the Amla tree is considered sacred and the fruit and leaves are extensively used in Ayurvedic medicine.
Lemon Fruit Extract from China	A source antioxidants, polyphenols and bioflavonoids such as hesperidin, as well as known to be a co-factor of vitamin C.
Enzyme Blend from the USA	Come from the fermentation of a complex vegetable matrix with the microorganism <i>Aspergillus oryzae</i> . Aside from providing a wide variety of microorganisms, fermented foods also provide a wide variety of enzymes also known for their benefits.
Grape Pomace Extract from New Zealand	It is a by-product of grapes and was added to StemFlo® because of its content in a wide variety of unique compounds, such as polyphenols and anthocyanidins.
Turmeric Extract (Curcumin) from India	It has been used for centuries in Asia. Although turmeric contains a large number of bioactive compounds, it is mainly known for its content in Curcumin, which was shown to have a wide range of properties.
Cacao Powder from Peru	Is the dried and fully fermented fatty seed of <i>Theobroma cacao</i> and is increasingly being recognized worldwide for its high content in polyphenols and other antioxidants.
Blackcurrant Extract from New Zealand	Native to northern Europe and Asia, Blackcurrant is a berry rich in vitamin C and unique polyphenols. Extracts from the berries are regarded as potent antioxidants.

INGREDIENTS / LABEL

CONDITIONS OF USE:

Do not exceed the stated recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet and a healthy lifestyle. Keep in a cool, dry place, not to exceed 30°. Do not refrigerate. Avoid excess humidity for long periods.

FAQ'S

What does StemFlo® do, and how will it benefit me?
StemFlo® is a cutting-edge combination of unique blend of enzymes and plants, designed to help your inner power to circulate within.

When used in tandem with SE2®, StemFlo® achieves the best results helping you to maintain well-being naturally.

Will I experience immediate effects when supplementing with StemFlo®?

A study on StemFlo® documented benefits within 30 minutes of consumption. This being said, actual benefits, as experienced by an individual with an increase in quality of lifestyle, may vary depending upon individual factors.

Can StemFlo® be taken with SE2®?

Yes, StemFlo® can be taken with SE2®; StemFlo® was specifically designed to be used in tandem with SE2® to provide a greater level of nutrition.

Can StemFlo® be taken with ST-5™ with MigraStem™?

Yes, then used together, it brings you the best results.

FOR YOUR INFORMATION

Vegan 2 part capsule

No added sugar, artificial colors, artificial flavors, dairy, yeast, or preservatives.

If you are currently taking other proteolytic enzymes, you may want to consider discontinuing them as they are also in StemFlo®.

Proteolytic compounds like Enzyme Blends are known to have anti-coagulant properties. People undergoing any treatments should consult their treating health care practitioners prior to taking StemFlo®.

Label statement:

Consult your physician if pregnant or nursing. (Many products carry such warnings out of an abundance of caution rather than any known pregnancy risk.

We know of no evidence that consuming StemFlo during pregnancy creates a health risk.)

This product is not intended to diagnose, treat, cure, or prevent any disease.
