

## stemrelease3™

Stemtech was the first to discover the way to renew aging tissue in your body by supporting the natural release of its own stem cells.† Stemtech's team of expert stem cell scientists continue to research new ingredients and review the latest scientific literature to achieve the perfect formula, stemrelease3™, the third generation of our original clinically documented stem cell enhancer.

### stemrelease3™ – A Dual Action Formula

First, stemrelease3 is the only stem cell nutrition formula to contain stemrelease®, an exclusive blend of clinically tested ingredients that help support the natural release of millions of your body's own stem cells.† Second, with its youth-promoting nutrients, stemrelease3 helps support telomere health.† Telomeres are the caps that protect the ends of chromosomes, similar to how shoelaces have plastic caps to stop them from fraying. Supporting and maintaining the health of your telomeres can help you enjoy a healthier and more youthful life.†

### Primary Benefits

- Supports the body's natural renewal system†
- Supports telomere health†
- Promotes youthful, healthy aging†
- Supports a general sense of well-being†

### See for Yourself...

stemrelease3 is our most advanced stem cell release support formula to date and designed to deliver unparalleled results.†

Studies show that the more stem cells you have circulating in your blood, the greater the ability of your body to naturally renew itself.† With stemrelease3, you can function at your best, and live the healthy, long life you deserve.

STEMRELEASE®	BENEFITS
Undaria pinnatifida fucoidan	Undaria pinnatifida is an ultra-pure marine algae grown in pristine ocean waters. Known as one of the ocean's greatest treasures, Undaria pinnatifida has been documented to support a long-lasting increase in the number of circulating stem cells.†
Aloe macroclada	Aloe macroclada has been used for centuries for general well-being and a wide number of health challenges. It's traditionally considered by the people of Madagascar as a factor of rejuvenation and longevity. Aloe macroclada has been documented to support an increase in the number of circulating stem cells.†

**Other key ingredients include:**

**Astragalus membranaceus Extract** - shown to have a beneficial role in maintaining telomere health and is considered one of the most important tonic herbs in Chinese medicine for its immune boosting properties.†

**Curcuma longa (Turmeric)** - Turmeric is known to provide many anti-aging benefits. It's also a powerful antioxidant that helps protect cells from free radical damage and oxidative stress.†

**Organic Cordyceps sinensis** - A fungus that has been highly prized in Chinese medicine for thousands of years. It's associated with stamina and longevity, and a wide variety of health benefits.

## INGREDIENTS / LABEL

Maximize your youthful energy, vitality and overall quality of life with stemrelease3™—Stemtech's latest and most advanced stem cell nutrition supplement. stemrelease3 brings together an innovative, nutrient-rich blend of clinically tested ingredients to help support cellular renewal and healthy ageing.† This exclusive, dual action formula taps into the power of your body's own stem cells and helps maintain telomere health.† With stemrelease3, you can function at your best and live the long, healthy life you deserve.
