

stemflo®

Better Blood Circulation with Adult Stem Cell Nutrition

StemFlo® is the only supplement of its kind, all-natural and scientifically-tested for effectiveness

Your health depends upon your circulatory system's ability to deliver to every part of the body life-sustaining nutrients, oxygen and stem cells, the building blocks of your body, while at the same time removing detrimental toxins and wastes that can potentially lead to a variety of health problems. Maintaining good circulatory health is paramount for optimal health throughout the entire body.

All-natural supplementation to support your circulation

StemFlo uses ingredients only found in nature specifically designed to support optimal blood flow. It is a proprietary blend of triple- action antioxidants and enzymes that assist the body in reducing oxidative stress and helping to purify the blood of toxins. StemFlo optimizes blood flow and circulation.*

Backed by science to improve blood circulation within 30 minutes

In one study, StemFlo was documented to support optimal blood flow - supporting blood circulation in capillaries by reducing blood markers associated with fibrin production and oxidative stress. Fibrin is a protein that can buildup and impede optimal blood flow.*

Triple-Action Support for Your Circulatory Health

StemFlo delivers a triple-defense response to supporting your body's ability to naturally renew itself. Comprised of a proprietary blend of all-natural herbs, nutrients and botanicals, StemFlo helps to support blood circulation by offering the following:

- **Reduces Oxidative Stress:** StemFlo contains powerful antioxidant ingredients to help reduce oxidative damage and fibrin production.*
- **Breaks Down Excess Fibrin:** StemFlo contains proteolytic enzymes that help digest fibrin. Reducing excess fibrin buildup ensures optimal blood flow in smaller blood vessels and capillaries.*
- **Purifies the Blood:** StemFlo contains natural botanical ingredients that can assist in the elimination of toxins from the blood.*

FEATURES	BENEFITS
Gotu Kola Extract	In China, it has been long known as a “miracle elixir of life”. Aside from its antioxidant properties, it supports strong blood vessels and acts as a blood purifier. It is used to enhance memory, concentration and vitality.*
Indian Gooseberry Extract (AMLA)	One of the “super” Vitamin C sources, it provides a highly concentrated source of Vitamin C.*
Lemon Fruit Extract	A great source of bioflavonoids, especially Hesperidin, which is well documented to support collagen and connective tissue formation, supporting the proper functioning of fine microvasculature.*
Enzyme Blend	Proprietary blend of active enzymes that help digest excess fibrin in the blood, supporting optimal blood flow.*
Grape Pomace Extract	It is a by-product of grapes that has unveiled a rich polyphenol profile with a strong antioxidant and antimicrobial activity.*
Turmeric Extract	It has been used for centuries in Asia to help purify the blood and detoxify the body.*
Cacao Powder	Rich in flavanols, cacao supports healthy non-inflammatory process and is widely known for its antioxidant properties.*
Blackcurrant Extract	Native to northern Europe and Asia, Blackcurrant is a berry that was shown in recent studies to support stem cell function; blackcurrant has a very high content of antioxidants and Vitamin C.*

INGREDIENTS / LABEL

StemFlo® is a natural health product that helps relieve symptoms related to non-complicated venous insufficiency (CVI), supports cardiovascular health, provides a source of antioxidants for the maintenance of good health.

Directions: Adults take 3 capsules per day. Take on an empty stomach. Take 2 hours before or after taking other medications. Use for at least 1 month to see beneficial effects. For use beyond 3 months, consult a health care practitioner.

WARNING: Consult a health care practitioner if symptoms persist or worsen, prior to use if you are pregnant or nursing, have gallstones or a bile duct obstruction, stomach ulcers/bleeds, or excess stomach acid, or if liver disorder, are taking anticoagulants, blood thinners, anti-inflammatory, or any prescription medications. Consumption with alcohol, other medication or health product with similar properties is not recommended. Do not use prior to or immediately after surgery. If you are allergic to plants of the Apocynaceae family, discontinue use and consult a health care practitioner if you experience gastrointestinal upset and/or nausea which persists. Hypersensitivity/allergy has been known to occur, in which case discontinue use.

Do not purchase if safety seal is broken or missing. Store in a cool dry place. Do not refrigerate.

StemFlo® est un produit de santé naturel qui aide à soulager les symptômes liés à l'insuffisance veineuse sans complication (CVI) et qui soutient la santé cardiovasculaire. Il constitue une source d'antioxydants pour le maintien en santé.

Mode d'emploi: Prendre 3 capsules par jour, à jeun, 2 heures avant ou après la prise d'autres médicaments. Utiliser au minimum un mois pour constater des effets bénéfiques. Pour une utilisation au-delà de 3 mois, consulter votre médecin.

AVERTISSEMENT: Consulter un médecin dans les cas suivants : si les symptômes persistent ou s'aggravent ; avant l'utilisation du produit si vous êtes enceinte ou si vous allaitez ; si vous avez des calculs biliaires ou une obstruction des canaux biliaires ; si vous avez des ulcères/bleeds de l'estomac, ou si vous présentez un excès d'acidité gastrique ; si vous avez une maladie du foie ; si vous prenez des anticoagulants, des anti-inflammatoires ou tout autre médicament sous ordonnance.

La consommation du produit n'est pas recommandée en cas d'allergie à l'un des ingrédients ou de tout autre produit de santé ayant des propriétés similaires. Ne pas utiliser avant ou immédiatement après une chirurgie ou toute autre intervention aux plantes de la famille des Apocynaceae. Cesser l'utilisation du produit et consulter un médecin en cas de troubles gastro-intestinaux récurrents ou de nausées persistantes. Une hypersensibilité ou une allergie peut être observée. Dans ce cas, cesser l'utilisation. Ne pas utiliser le produit si le sceau de sécurité est brisé ou manquant. Conserver dans un endroit frais et sec. Ne pas réfrigérer.

stemflo®

Helps support cardiovascular health and provides antioxidants for the maintenance of good health

Aide à soutenir la santé cardiovasculaire et fournit des antioxydants pour le maintien d'une bonne santé

Stemtech

90 CAPSULES 508 mg / 90 GÉLULES 508 mg
NPN 80041584

Each capsule contains:
(Medicinal Ingredients)

Centella asiatica (Gotu kola) (Leaf Extract, 10:1)	108.3 mg
Phyllanthus emblica (Amla) (Fruit Extract, 15:1; 45% tannins)	108.3 mg
Citrus limon (Lemon) (Fruit Extract, 5:1; 40% hesperidin)	100.0 mg
Fungal Protease Blend (from Aspergillus flavus var. oryzae - whole: Protease 6.0, 19,300 FCC HUT; Peptidase, 7,025 FCC HUT)	66.7 mg
Vitis vinifera (Grape Seed Extract) (Seed Extract; 80% oligomeric proanthocyanidins)	50.0 mg
Curcuma longa (Turmeric) (Rhizome Extract, 20:1; 30% curcumin)	41.7 mg
Theobroma cacao (Cocoa) (Seed)	25.0 mg
Ribes nigrum (Blackcurrant) (Fruit Extract, 30% anthocyanins)	8.3 mg

Chaque gélule contient:
(Ingrédients actifs)

Centella asiatica (Gotu kola) (Extrait de feuille, 10:1)	108.3 mg
Phyllanthus emblica (Amla) (Extrait de fruit, 15:1; 45% de tannins)	108.3 mg
Citrus limon (Extrait de citron, 5:1; 40% d'hespéridine)	100.0 mg
Mélange de protéases fongiques (Aspergillus flavus var. oryzae: Protéase 6.0, 19,300 FCC HUT; Peptidase, 7,025 FCC HUT)	66.7 mg
Vitis vinifera (raisin) (Extrait de pépin et de peau; 80% polyphénols)	50.0 mg
Curcuma longa (curcuma) (Extrait de rhizome, 20:1; 30% curcumine)	41.7 mg
Theobroma cacao (Cacao) (fève)	25.0 mg
Ribes nigrum (groseillier noir) (Extrait de fruit; 30% anthocyanes)	8.3 mg

Non-medicinal ingredients: hypromellose, cellulose, silica
Ingrédients non-médicamenteux : hypromellose, cellulose, silice

FAQ'S

What does StemFlo® do?

StemFlo is a proprietary blend of herbs and all-natural ingredients that supports optimal blood circulation by reducing fibrin buildup and oxidative stress in the blood, not to mention achieving blood detoxification and improving overall blood flow. When StemFlo is used together with SE3™, it optimizes the body's ability to deliver and circulate adult stem cells, oxygen and nutrients throughout the body and to the tissues where they are needed.

How will StemFlo benefit me?

StemFlo supports the breakdown of fibrin in the blood and prevents the formation of new fibrin mesh. StemFlo supports optimal blood circulation, supporting the delivery of adult stem cells to the tissues in need.

Will I experience immediate effects with StemFlo?

A study using StemFlo documented improved blood circulation within 30 minutes of consumption. However, individual health benefits may vary.

Can StemFlo be taken with SE3 and ST-5™ with MigraStem™?

StemFlo works in tandem with SE3 and ST-5 with MigraStem. By taking both StemFlo and SE3 daily, you are helping to safeguard your body's ability to maintain maximum renewal efficiency, supporting the release and circulation of adult stem cells within the bloodstream. By adding ST-5 with MigraStem – a low calorie dietary supplement – you are further supporting the migration of adult stem cells to tissues and organs in need. This trio of products orchestrates a greater level of stem cell nutrition and preventative care.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to be used to diagnose, treat, cure or prevent any disease

USAGE:

- Take three capsules, once or twice a day between meals.
- If StemFlo is taken together with protein, the protein may divert some of the activity of the Enzyme Blend.

POTENTIAL USERS:

StemFlo is safely enjoyed by men, women and children. It is highly recommended for those seeking optimal health, fitness and performance.

FOR YOUR INFORMATION:

- Each bottle contains 90 capsules.
- Vegan capsules (all vegetarian)
- No sugar, artificial colors, artificial flavors, dairy, yeast, or preservatives.
- If you are currently taking other proteolytic enzymes, you may want to consider discontinuing them as they are also in StemFlo.
- Proteolytic compounds like Enzyme Blends are known to have anti-coagulant properties. Persons who suffer from clotting disorders or who are on anti-coagulant medications should consult their treating health care practitioners prior to taking StemFlo.
- Label statement: Consult your physician if pregnant or nursing. Most products express this warning from a position of caution rather than any known pregnancy risk. There is no evidence that consuming StemFlo during pregnancy causes any health risks.
