

StemFlo® Advanced Formula is an extraordinary, cutting-edge and fast-acting natural blend of powerful antioxidants, polyphenols, ellagic acid, and phytonutrients. It supports your optimal blood and healthy stem cell flow, protects your cardiovascular system from oxidative damage, boosts vitality, and promotes healthy aging.

## It's like a longevity elixir in a capsule!

The unique combination of active compounds in StemFlo® protects your circulatory function in a complex way and further supports your inner defense system responses. These powerful compounds also activate longevity genes, energy and detoxification processes.

This advanced version of StemFlo® contains the antioxidant superstar, 98%-pure trans-resveratrol (organic), which is highly active and easily absorbed, and has been extracted from Japanese Knotweed root. Resveratrol is also present in the skin and seeds of muscadine grape extracts, a powerful addition to the StemFlo® Advanced Formula. Resveratrol reduces oxidative stress damage to your cardiovascular system by neutralizing free radicals, supports optimal blood flow, stimulates metabolism and energy processes in mitochondria, and protects your DNA from free radical damage. Studies show that resveratrol activates a gene called SIRT1, which promotes longevity. Resveratrol is supported by numerous groundbreaking studies that show its strong cardiac support and longevity effects.

The most bioavailable form of curcumin, which represents a major breakthrough in utilizing curcumin to promote optimal health, augments health effects of resveratrol and StemFlo®. Its bioavailability is 27 times superior compared to other forms of curcumin currently available on the market. Supported by over 30 clinical and health condition studies, this specific curcumin provides superior effects on cardiac and immune protection, anti-inflammatory processes, stem cell activation, and anti-aging abilities.

Super antioxidant extracts from blueberry, black currant, amla, vitamin C and magnesium citrate enhance the cardio-protective and anti-aging effects of resveratrol, muscadine grapes and curcumin, and contribute to your vibrant health and longevity.

StemFlo® Advanced Formula has been designed with organic, non-GMO, gluten-free and non-irradiated ingredients, and does not contain fillers, sugar, artificial colors, non-natural flavors, dairy, yeast or preservatives.

### KEY BENEFITS:

- Supports healthy blood flow
- Protects your cardiovascular system by neutralizing free radical damage
- Nourishes your blood vessels and supports their elasticity
- Boosts circulation of your healthy stem cells
- Protects telomere health
- Promotes longevity by activating 'longevity' genes
- Boosts energy processes and vitality
- Supports your body's inherent defense system
- Assists in the elimination of toxins
- Made with organic, gluten-free, and non-GMO ingredients

### USAGE:

- Take 2 capsules daily.

### FOR YOUR INFORMATION:

- Each bottle contains 60 vegetarian capsules.

## INGREDIENTS / LABEL

StemFlo® Advanced helps to support cerebrovascular health, provides antioxidants for the maintenance of good health, and is a vitamin and mineral supplement. It helps to maintain immune function, proper muscle function, and tissue formation.

StemFlo® Avancé aide à soutenir la santé cérébrovasculaire, fournit des antioxydants pour le maintien d'une bonne santé et est un supplément de vitamines et minéraux. C'est aide à maintenir la fonction immunitaire, la fonction musculaire appropriée, et la formation des tissus.

**CAUTIONS AND WARNINGS:** Consult a health care practitioner if you have or develop abdominal pain, nausea, fever or vomiting; prior to use if you are pregnant or nursing, have gallstones or bile duct obstruction, stomach ulcers or excess stomach acid, or are taking antiplatelet medication or blood thinners, or prescription medication.

Keep out of reach of children.

**PRÉCAUTIONS ET MISES EN GARDE:** Consulter un praticien de la santé si vous avez ou développez des douleurs abdominales, des nausées, de la fièvre ou des vomissements ; avant l'utilisation si vous êtes enceinte ou allaitez, avez des calculs biliaires ou une obstruction du canal cholédoque, ulcères d'estomac ou un excès d'acide gastrique, ou prenez des médicaments antiplaquettes ou des anticoagulants, ou des médicaments sur ordonnance.

Gardez hors de la portée des enfants.

### Advanced Stem Cell Nutrition

Nutrition avancée des cellules souches

Helps to support cerebrovascular health, and source of antioxidants for the maintenance of good health.

Aide à soutenir la santé cérébrovasculaire, et source d'antioxydants pour le maintien d'une bonne santé.

NPN 80089312

DOSSAGE FORM / NET AMOUNT / 60 CAPSULES (665 mg)  
FORME POSOLOGIQUE / QUANTITÉ NET / 60 CAPSULES (665 mg)

Recommended Use (Adults): Take 2 capsules daily.

For prolonged use, consult a health care practitioner

Utilisation recommandée (adultes) : Prendre 2 capsules par jour.

Pour une utilisation prolongée, consulter un praticien des soins de santé.

### Medicinal Ingredients / Ingrédients Médicaux :

Each capsule contains (mg) / Chaque capsule contient (mg)	
<b>Resveratrol / Resvératrol</b>	
trans-resveratrol (Polygonum cuspidatum root; Vitis rotundifolia fruit skin) / (Racine Polygonum cuspidatum / Peau de fruits Vitis rotundifolia)	190.0
<b>Box Blueberry</b> (Vaccinium uliginosum fruit extract; 10:1)	140.0
<b>Myrtle de tourbière</b> (Extract of fruit of Vaccinium uliginosum; 10:1)	
<b>Vitamin C</b> (Ascorbic acid, Calcium ascorbate) / <b>Vitamine C</b> (Acide ascorbique, ascorbate de calcium)	90.0
<b>Curcumin</b> (Theracurmin <sup>®</sup> ; Curcuma long rhizome; 30% curcumin) / <b>Curcumine</b> (Theracurmin) (Rhizome Curcuma longa) 30%	22.5
<b>Magnesium</b> (Magnesium citrate) / <b>Magnésium</b> (Citra de magnésium)	16.9
<b>Amla</b> (Phyllanthus emblica fruit extract) ≥ 4% / <b>Amla</b> (Extrait de fruit de Phyllanthus emblica) ≥ 4%	10.0
<b>Black currant</b> (Ribes nigrum fruit extract) ≥ 25% anthocyanins / <b>Groselles Noir</b> (Extrait de fruits de ribes nigrum) 25% anthocyanins	10.0

Non-medicinal Ingredients: hypromellose, maltodextrin, glycerin, ghatti gum / Ingrédients non médicinaux : Hypromellose glycéroline gomme Ghatti maltodextrine.

\* A highly bioavailable form of curcumin / Une forme hautement biodisponible de curcumine.

Gross weight / Poids net : 730 mg/capsule

Contains organic ingredients. Gluten free. Non GMO. Contains no sugar, artificial colors, artificial flavors, dairy, yeast or preservatives.

Contient des ingrédients biologiques. Sans gluten. Non OGM. Ne contient aucun sucre, colorants, arômes artificiels, produits laitiers, levure ou conservateurs.

Storage: Store in a cool, dry place in original container.

Stockage : entreposer dans un endroit frais et sec dans le contenant original

INGREDIENTS	BENEFITS
Trans-resveratrol (Japanese knotweed root extract-Polygonum cuspidatum – 98% trans-resveratrol)	Resveratrol is known for its cardiac protection (“French paradox”), anti-aging effects, and its enhancement of immune system and energy endurance. Resveratrol reduces the risk of heart and circulatory problems, improves brain power, and supports healthy longevity by protecting telomere health and activating “longevity genes” SIRT1. It is also a strong antioxidant and anti-inflammatory compound, and protects bones. Its cardio-protective and longevity effects, as well as weight control effects, have been documented in numerous studies.
Extract of skin and seeds of muscadine grape (Vitis rotundifolia)	Muscadine grapes — health superstars — are superior to any other grapes and a source of powerful antioxidants, polyphenolic compounds, ellagic acid, flavonoids, and phytochemicals. They have been scientifically proven to provide strong antioxidant, anti-inflammatory and cardio-protective effects. Natural constituents in grape skin and seed extracts enhance vascular strength and support the proper functioning of fine microvasculature. Furthermore, they boost healthy blood circulation and stem cell flow, support cell function in the heart and brain, and help reduce signs of aging.
Curcumin (Theracurmin <sup>®</sup> )	Theracurmin <sup>®</sup> is the most bioavailable form of curcumin (its bioavailability is 27 times superior to other forms of curcumin) and utilizes an advanced technique that dramatically increases its solubility and bioavailability. Its superior health effects have been supported by numerous <i>in vivo</i> studies and in over 30 human clinical studies. Curcumin has been scientifically proven to support healthy stem cell function, immune system, antioxidant, circulatory and antiviral properties, brain function, and healthy telomeres. It has been known and used for over 4,000 years.
Blueberry extract (berry) (Vaccinium uliginosum)	Blueberries contain powerful components, such as pterostilbene, polyphenolic compounds and antioxidants that support cardiovascular health and stem cells activity. They also provide strong anti-inflammatory effects and help maintain healthy brain function.
Black currant extract (fruit) (Ribes nigrum)	Native to northern Europe and Asia, black currant is a berry that has been shown in studies to support stem cell function and provides strong antioxidant and cardio-protective effects.
Amla (fruit) (Phyllanthus emblica)	Amla is one of the most important medicinal plants in Ayurveda and contains polyphenolic compounds, minerals, vitamins, fiber, proteins and amino acids. In several studies, amla showed circulatory, anti-inflammatory, immunologic and digestive health effects.
Vitamin C (Ascorbic acid, Calcium ascorbate)	Vitamin C is an essential nutrient that supports the cardiovascular and immune system, and stimulates collagen regeneration and healthy stem cell formation.
Magnesium citrate	Magnesium is a mineral that guides a large number of physiological functions and provides a wide range of health benefits, including cardiovascular, brain, and immune system support, muscle relaxation, and bone health, as well as energy and healthy stem cells activity. Magnesium citrate is the easiest-absorbed form of magnesium.
