58100 Kuala Lumpur, Malaysia.

REV-0016 Item Code: 100201

USAGE: 373.26 mg (3 capsules) once daily before or after meal

FAQ'S

What is the benefit of taking AFA Extract Plus?

AFA Extract Plus supports the natural release of your own adult stem cells from the bone marrow into circulation. Many scientific studies have shown that a greater amount of circulating adult stem cells equates to a greater quality of health.

How long does AFA Extract Plus work in the body?

Three capsules (373.26mg) of Stemtech AFA Extract Plus support the release of adult stem cells from the bone marrow for up to 3 hours.

What is AFA Extract Plus made from and how is it different than just whole *Aphanizomenon flos-aquae*?

Our new Advanced Formula contains Stem Release™ Complex, a patent-pending blend of proprietary nutrient-dense concentrates of *Aphanizomenon flos-aquae* (AFA Concentrate).... PLUS two ingredients now discovered to work in partnership with AFA Concentrate to support a more significant increase in the release of adult stem cells.

FOR YOUR INFORMATION

Vegan 3 part capsule

Gluten-free with no sugar, artificial colors, artificial flavors, dairy, yeast or preservatives.

Vitamin K in AFA Extract Plus: Like many foods, AFA Extract Plus contains naturally occurring vitamin K. Three capsules have approximately 21 mcg of vitamin K (for further reference, half a cup of raw chopped broccoli has roughly 100 mcg of vitamin K and half a cup of boiled spinach has about 540 mcg of vitamin K.).

Label statement: Consult your physician if pregnant or nursing. (Many products carry such warnings out of an abundance of caution rather than any known pregnancy risk. We know of no evidence that consuming AFA Extract Plus during pregnancy creates a health risk.)

PEA: AFA Extract Plus contains a naturally occurring compound known as Phenylethylamine (PEA). PEA is naturally produced by the brain and known to support mood and mental energy. PEA is made by the brain whenever one feels content and happy; it has been described as the "molecule of joy".

AFA Extract Plus™

An advancement in Cellular Renewal – helping Nature do what it is designed to do! Stemtech was first to discover the way to support the body's natural renewal system by supporting the release of more adult stem cells into the bloodstream. Our Advanced Formula now brings a new discovery to the forefront with a longer-lasting formulation that helps the body maintain and repair tissues and organs.

AFA Extract Plus is not a traditional multivitamin supplement that works to supply nourishment to old cells. Instead, AFA Extract Plus supports the natural release of “master” cells that can transform themselves into healthy new cells.

A patented-pending, proprietary blend of extraordinary, all-natural ingredients starting with AFA Concentrate.

Tests show AFA Extract Plus supports the release of millions MORE adult stem cells...for a longer period of time.

In a double-blind crossover study, our AFA Extract Plus™ Complex showed superior results.

FEATURES	BENEFITS
Aphanizomenon flos-aquae (AFA Concentrate)	Documented to support the natural release of adult stem cells from bone marrow.
Undaria pinnatifida	A marine algae from pristine ocean environments around the world well known to support the immune system. Fucoidan from Undaria pinnatifida has been documented to support a long-lasting increase in the number of circulating stem cells.
Cordyceps sinensis	A synergistic ingredient that has been associated with stamina and longevity, and a wide variety of health benefits. When used with AFA Concentrate and fucoidan from Undaria pinnatifida, this combination enhances the support of stem cell release.
